🎓 EDUCATION

Shri Satyam Degree college, Bidar
Shree Dattagiri Maharaj Public School
2017 – 2020 | Bidar Karnataka

🧠 TECHNICAL SKILLS

Frontend Development

- HTML5, CSS3, JavaScript
- Bootstrap, Responsive Web Design
- UI/UX Design, Website Animations

Backend & Cloud

- Firebase Authentication
- Supabase (Auth, Database, Storage)

Programming & Data

- Python
- Pandas, NumPy
- Data Cleaning & Data Preprocessing
- Exploratory Data Analysis (EDA)
- Basic Machine Learning (Regression, Model Evaluation)
- Scikit-learn (Beginner)

Tools & Platforms

- Git & GitHub
- Google Search Console (SEO Basics)
- Hostinger Hosting

👤 PROFILE

Frontend Web Developer and Computer Science student with hands-on experience in building responsive websites and performing data analysis using Python and Pandas. Worked on real client projects including school, banking, and event websites. Experienced in data cleaning, exploratory data analysis, and basic machine learning. Actively seeking internships in web development, frontend development, or data analysis.

EXPERIENCE (UNCHANGED BUT STRONG)

Freelance Frontend Web Developer

- Delivered multiple client-based websites including school, bank, and event platforms.
- Customized templates and built responsive UIs.
- Worked directly with clients for requirement analysis and delivery.

PROJECTS

Unique Public School - School Website (Client Project)

- Designed and developed a complete school website using HTML, CSS, JavaScript, and Bootstrap.
- Created pages for admissions, academics, events, gallery, and contact information.
- Implemented responsive layouts for mobile, tablet, and desktop devices.
- Optimized website performance and user experience.
- Delivered the project to a real client with post-deployment support.
- Developed a modern, animated event website using HTML, CSS, and JavaScript.
- Implemented Image galleries, modal popups, video sections, and scroll animations.
- Optimized the site for SEO and fast loading.

College Notes Sharing Platform (Web Application)

- Developed a web-based platform for students to upload and share academic notes.
- Implemented user authentication using Supabase/Firebase.
- Integrated PDF upload and download functionality using cloud storage.
- Stored notes metadata such as subject, semester, and unit in a database.
- Designed a clean, responsive UI using HTML, CSS, and JavaScript.

College Notes Sharing Platform (Web Application)

- Developed a web-based platform for students to upload and share academic notes.
- Integrated PDF upload and download functionality using cloud storage.

- Stored notes metadata such as subject, semester, and unit in a database.
- Designed a clean, responsive UI using HTML, CSS, and JavaScript.

Online Web Chat Application

- Built a real-time online chat application using HTML, CSS, and JavaScript.
- Implemented user authentication and message storage using Firebase.
- Enabled real-time messaging with instant updates.
- Designed a responsive chat interface optimized for mobile and desktop.

Data Analysis & Machine Learning Practice (Python)

- Performed data cleaning and preprocessing using Pandas and NumPy.
- Handled missing values, outliers, and data transformation.
- Conducted Exploratory Data Analysis (EDA) using Python.
- Implemented basic machine learning models such as Linear Regression.

ADDITIONAL SKILLS

- Problem Solving
- Analytical Thinking
- Client Communication
- Time Management
- Self-Learning & Research
